OUR TOWN, TRIKALA

TRIKALA

- **Trikala is a modern town with almost 80.000 residents**
- **It is located in the NW edge of the plains of Thessaly and is divided by the Lithaios River**
- **The Trikala Prefecture is one of the most fertile regions of Greece, with rich crops of grains, cotton, pulses and other agricultural products and robust animal farming activities.**

Apart from its section of the plains of Thessaly, the Prefecture of Trikala consists of a mountainous section as well, defined by the Hasia and Pindos mountain ranges with small and large rivers, lakes, many stone bridges, Byzantine churches and a different majestic scenery at every glance.

Meteora, one of the most important monuments in the world, is located in the Prefecture of Trikala. Visitors from every corner of the world arrive each day to admire the important complex of Orthodox Monasteries built on the top of huge sandstone rock pillars.
